## Help your child practice grade-level math skills with this free program!

Join the thousands who have used the *Quantile*® Summer Math Challenge to keep math skills sharp. The six-week online math program for students in grades 1-8 can help prevent summer learning loss, which research estimates can be about a third<sup>1</sup> of what was learned in the previous school year.

### Here are just a few of the benefits:

With the Summer Math Challenge, your child can:

- Engage in mathematics at their ability level and stay motivated with weekly badges.
- Strengthen their understanding of math topics that are aligned with state math standards.
- Access a variety of learning activities such as math games, videos and worksheets.
- Receive real-time feedback on weekly, online quizzes.
